ISCC Sustainability

The Problem

- Limited staff and meeting support from NHGRI, no ability to scale
- Otherwise all-volunteer organization without operating budget
- Sustained progress may depend on other funding commitments
- TM and LR began evaluating options in 2013 with consultant

An approach

- 2015 Plan: NHGRI to seek donor funding through the Foundation for NIH (FNIH) from companies and organizations with a stake in Practitioner education in genomics to support ISCC admin
- Status: FNIH declined general support request, but *strongly encouraged project-oriented funding requests*

Genetics and Genomics Competency Center (G2C2)

Introduction Video

Making it happen

“It had long since come to my attention that people of accomplishment rarely sat back and let things happen to them. They went out and happened to things.”
