DAP Programs

PI	Institution	Area	Start year
Bruce Birren, Eric Lander	Broad Institute	Genomic science	2002
Carol Bult	Jackson Laboratories	Genomic science	2002
James Kent	UC Santa Cruz	Genomic science	2002
Willie Swanson	University of Washington	Genomic science	2002
Susan Dutcher	Washington University	Genomic science	2003
Susanne Haga, Greg Wray	Duke University	Genomic medicine	2017
Joseph Yost	University of Utah	Genomic science	2018
Maja Bucan, Junhyong Kim	University of Pennsylvania	Genomic science	2018
Bruce Korf	University of Alabama at Birmingham	Genomic medicine	2018
Paul Spicer	University of Oklahoma	ELSI	2018
Jeff Botkin, James Tabery	University of Utah	ELSI	2018
Debra Mathews	Johns Hopkins	ELSI	2018

DAP: Renewal of Program Announcement with Special Review Considerations (PAR)

- Undergraduate, postbacc, graduate career levels
- One award per institution per science area
 - *Genomic sciences, genomic medicine, ELSI*
- PI & Faculty - strong background in NHGRI-relevant research
- Academic environment can provide broad set of research experiences
- Reissue for 3 yrs; 3 receipt dates per yr; R25 mechanism.
- Budget: \$300K/yr up to 5 yrs; personnel <30%
- Reporting: faculty info & participant outcomes (NIH data tables); appointment/termination forms
